

ART IN PUBLIC PLACES

Art in Public Places Selection Panel Application

The AIPP Commission is made up of volunteers whose charge is to guide the process of artwork selected for the City's Art in Public Places Collection. A special fund has been established for this purpose. To appropriately reflect the desires of the community, the selection of individual artists and works of art is decided by a Selection Panel appointed specifically for that project. No particular knowledge of art is required to participate on a Selection Panel – only an interest in the process and the desire to work with fellow citizens for the ultimate betterment of Longmont and Colorado through public art.
