

ACA Citizen Portal – Searching Records

<https://aca.ci.longmont.co.us/CitizenAccess/>

Welcome to the **Citizen Portal** page. This website allows users to submit various types of applications or code complaints. This website will also allow users to search existing permit or license information for any address within the city of Longmont.

This guide demonstrates how to search for records by record number, address, or by parcel number. This guide can be used for building permits, enforcement, licenses, planning, and public works records.

The Home Page

After loading the website, you will be directed to the **home page**. More features become visible once you log in.

Please register for an account to take advantage of an easier way to search for various records.

If you work for a company as an assistant it would be best to create an account on behalf of the company. With this account you can add records to your collection to organize records that might be viewed more frequently.

Please take note of announcements and information about upcoming maintenance or down time in the center of the page.

The screenshot shows the home page of the ACA Citizen Portal. At the top, there is a navigation menu with tabs for Home, Building, Enforcement, Licenses, Planning, and Public Works. Below the menu is an 'Advanced Search' dropdown. The main content area features a welcome message, a compatibility notice for browsers (IE 7-10, Firefox, Chrome, and IE 11 compatibility mode), and a sign-in prompt. A 'Login' section on the right includes fields for 'User Name or E-mail' and 'Password', a 'Remember me' checkbox, and links for 'I've forgotten my password' and 'New User'. A green arrow points to the 'I've forgotten my password' link, with a callout box that says 'Check this area for current announcements'. At the bottom, there are sections for 'What would you like to do today?' and a grid of service categories: General Information, Building, Enforcement, Licenses, Planning, and Public Works, each with a 'Search Applications' link.

Searching Using the Global Search

To search by using the global search bar please follow the instructions below. This search will find all results in our system.

1. Type in the permit number in the search bar on the top right corner of the page. Press enter or click the magnifying glass to search.

Department Search

Another way to search for records is by using the search option on the home screen or within department tabs. These search fields can be filled out as much or as little as possible.

1. You can find these search options at the bottom of the home page or by clicking on the department tabs.

2. After clicking on any of these sections the next page will be a search page. Depending on which one you have selected the results will vary. Type in any criteria and then click search to see the results.

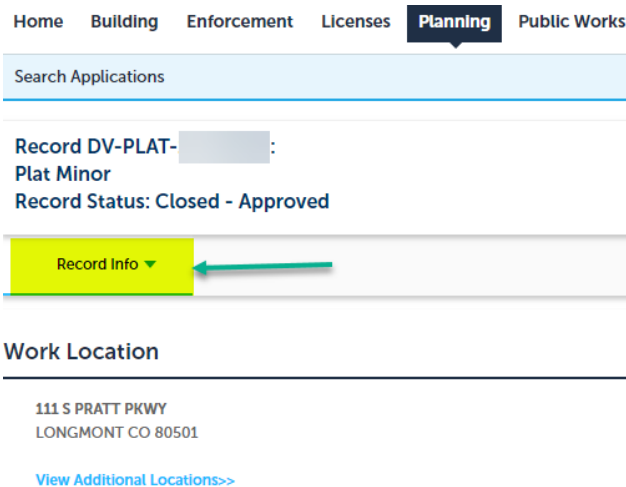

3. The results will be visible on the page. Click a record to see more details. You can also click the check box and add a permit to your collection to find it easier in the future.

100+ Record results matching your search results
Click any of the results below to view more details.

The screenshot shows a table of search results. A callout box points to the 'Add to collection' link above the table with the text 'Add to collection to locate permits easier in the future'. Another callout box points to the 'B2018' record type with the text 'Click the permit to view details'. The table has columns for Record Number, Action, Record Type, Address, Description, and Status.
