**PROJECT DESCRIPTION**
This project will improve pedestrian and bicycle transportation modes through the widening of 9th Avenue from Airport Road to Fordham Street. On-street bike lanes will be installed along the length of the project. Existing sidewalk on the north side of 9th Avenue that ends at Iron Court will be extended to Wade Road with a raised median at Wade Road to allow pedestrians to cross to the south side of 9th Avenue. Construction is scheduled to start in 2020.
