Minor Prairie Dog Permits are applicable if the property is less than 1 acre and/or if there are less than 25 prairie dogs. If applying for a Major Prairie Dog permit, a \$500 application fee will be charged. At the issuance of the permit, an applicant for a Major Prairie Dog permit may also be issued a \$1,200 Habitat Restoration Fee for each acre of active prairie dog habitat lost. There are also fees and/or deposits associated with signs used for relocation and extermination.

What is the size of the property? 82 acres Is the property greater than 1 acre? Yes No
 If property is less than 1 acre, please skip the following section.

The City of Longmont requires that properties greater than 1 acre be reviewed by a wildlife biologist and provide a copy of the findings of the survey. Please see the attached checklist for property survey requirements.

Has the property been reviewed by a wildlife biologist? Yes No

What was the identified Active Prairie Dog Habitat (APDH) size? 1.2 acres, Designated Fed land
 What was the official count of prairie dogs? 10-12 as determined by visual

I hereby certify that the information submitted is true and correct. In submitting the signed application, I acknowledge and agree that the application is subject to all the terms and conditions for Prairie Dog Control as defined in Ordinance 0-2019-01. I understand that any false statements or omissions may result in denial or revocation of this permit. I also understand that in accordance with Ordinance 0-2019-01, the City has permission to enter property to confirm the site, prairie dog active habitat size, and count.

Landfill Prairie Dog Management Plan

Prairie Dog numbers were determined by visual counts and applied to count using the Severson and Plumb (1998) formula. Numbers were estimated on 9-27-2019. Weather that day clear and 87 degree, count taken in early afternoon. Treatment in July was determined by active open burrows and not visual counts
