3 **i. Financial Update**

4  
5 Airport Manager Slayter reviewed the Airport financial report with the board. He stated  
6 that the reimbursement for the taxi lane from the Federal Aviation Administration (FAA)  
7 will be coming soon.

8  
9 Mr. Slayter also talked about the snow removal budget noting that invoices from the  
10 November storm will not get paid out until January, 2020.

11  
12 The board discussed the snow removal plan and who is responsible for removing snow  
13 at the airport. It was the consensus of the board to add to a future agenda

14  
15 **ii. Airport Needs – Recommendations to Council (Standing Item)**

16  
17 Board Member Robison asked about decommissioning the VHF Omnirange Receiver  
18 (VOR).

19  
20 Mr. Slayter stated that a few airport users did not want it decommissioned. It is used not  
21 only for flight training but also for GPS interference and outages.

22  
23 Mr. Slayter stated that he responded to the FAA and stated that the City objects to the  
24 decommissioning of the VOR.

25  
26 **NEW BUSINESS**

27

32  
33 **FINAL CALL – PUBLIC INVITED TO BE HEARD**

34  
35 Chairman VanZant opened the final Public Invited to be Heard.

36  
37 Bob Leyner, Berthoud, stated that he owns a business at the airport and the crack sealing  
38 is horrendous. It is either the sealing material, paving material or temperature that are the  
39 cause. He suggested looking at the FAA or School of Mines – Golden who are  
40 encountering this but it needs to be addressed.

41  
42 Don Dolce, 335 Pratt Street, stated that he is glad to see the DOR is being retained. GPS  
43 interference is pretty easily hacked and FAA is concerned about it.

44  
45 Seeing no one else wishing to speak with the board, Chairperson VanZant closed Final  
46 Call - Public Invited to be Heard.

47

**BOARD, CITY COUNCIL REPRESENTATIVE AND/OR STAFF COMMENTS**
