

ADOPT-A-PARK ♦ FRIENDS OF THE GREENWAY

SAFETY RULES

1. Keep children within your supervision at all times. Children must be supervised by a responsible adult in order to avoid dangerous situations.
2. Pets are not permitted during clean-up activities. Danger to your pet and to the public can be avoided by respecting this rule and leaving them at home.
3. Keep filled trash bags off trails and walkways. Place bags in shoulder area of trails or adjacent to walkways, preferably near existing trash receptacles. Also, remember that city staff will be picking up bags, so bring them as close to an accessible point as possible and put them in groups.
4. Notify the Longmont Police Department **immediately** in case of an emergency. Dial 911 for emergency.
5. Please be courteous to park and trail users while you are performing your tasks. Please move aside and off the path when users approach the work area. If a park or trail user is being discourteous and creating problems, please notify the Police Department immediately.
6. Dress appropriately for the weather and the park or trail conditions you will be working in. Gloves, long sleeves, pants, sunscreen, hats or boots may be necessary for your safety and comfort. These items will not be provided by the city. Bring plenty of liquids and any refreshments your group may need.
7. Many of our park and greenway corridors are also wildlife habitats. Act responsibly by recognizing the potential dangers of wild animals. Do not approach wildlife. If a wild animal is encountered, remain still and calm or back away to avoid confrontation. It is our goal to preserve our wild friends' homes, food sources and territory.
8. ***Enjoy yourself!*** Volunteering to the community is a valuable contribution to the city. Longmont is proud to have such involved and dedicated citizens who are willing to make the difference.
