To Whom It May Concern:

On behalf of AgOne Application Services, this letter is to inform you that there will be aerial crop application on agricultural fields *around* and *within* your city limits in the coming months.

If you receive any public inquiries regarding our planes, please feel free to give them our contact information (listed below) and inform them that we have an approved congested area plan on file with the FAA.

We would like to have your written acknowledgement that you are aware of our presence, so if you could kindly sign and date the enclosed page for us it would be very much appreciated. It can be mailed or emailed back to the below addresses.

Thank you for your attention to this important matter.

Sincerely,

Kendall Reck
